RESPONSE TO RESTRICTION REQUIREMENT

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

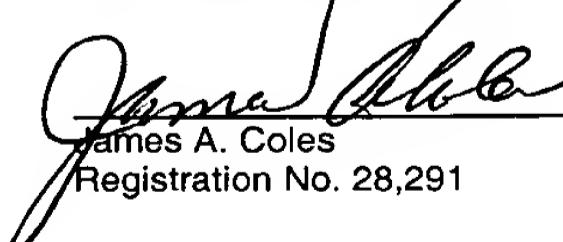

Dear Madam:

In the Office Action mailed March 7, 2003, the Examiner asserted that the above-identified application contains three distinct inventions, Group I including claims 1-13 and 32-36, Group II including claims 14-23 and 37-45, and Group III including claims 24-31. Accordingly, the Examiner has restricted the Applicant to choose which of Group I, Group II, and Group III to prosecute in the above-identified application. The Applicant elects to prosecute Group I including claims 1-13 and 32-36, without prejudice or disclaimer of any of the subject matter of claims 14-31 and 37-45. The Applicant reserves the right to file one or more divisional applications including the subject matter of the non-elected claims 14-31 and 37-45.

Should the Examiner have any questions regarding this response or the above-identified application in general, it is requested that the Examiner call Applicant's undersigned attorney, James A. Coles, at (317) 684-5251.

Respectfully submitted,

BOSE MCKINNEY & EVANS LLP
